Lyrics

Night is falling, times are golden, Quick and dirty, nice and slow Heaven's just around the bend Just in time Will you be mine	here is where my heart was stolen and drinks that make the fever grow take me to the promised land a song comes up to brighten up your day will you be there and try to make me stay	Verse 1 Pre-Chorus
You've got my number You make me feel	you know my name kerosene running in my veins	Chorus
Watch your step, we're tumblin' round Dancin' barefoot face to face Heaven's just around the bend Just in time Will you be mine	I won't stop till we're going down on carpets made of razorblades take me to the promised land a song comes up to brighten up your day will you be there and try to make me stay	Verse 2 Pre-Chorus
You've got my number You make me feel	you know my name kerosene running in my veins	Chorus
And if it's just one time Let us make love and hold tight And if it is, let's just get lost	you and I and no regrets and find out if it's worth the cost we seek the truth but haven't found it yet	Middle eight
Just in time Will you be mine	I'll come up to brighten up your day will you be there and try to make me say	Pre-Chorus
I love your thunder I'll make you wonder	I'll play this game Our lives will never be the same again	Chorus
